

PRINTED IN ITALY - CAT-MASK-07

**BRIGHT AND
EXCITING QUBICAAMF MASKING
CAN GIVE YOUR
ENTIRE CENTER A NEW AND
INVITING LOOK
OVERNIGHT**

**A LOOK YOUR CUSTOMERS
ARE SURE TO APPRECIATE.**

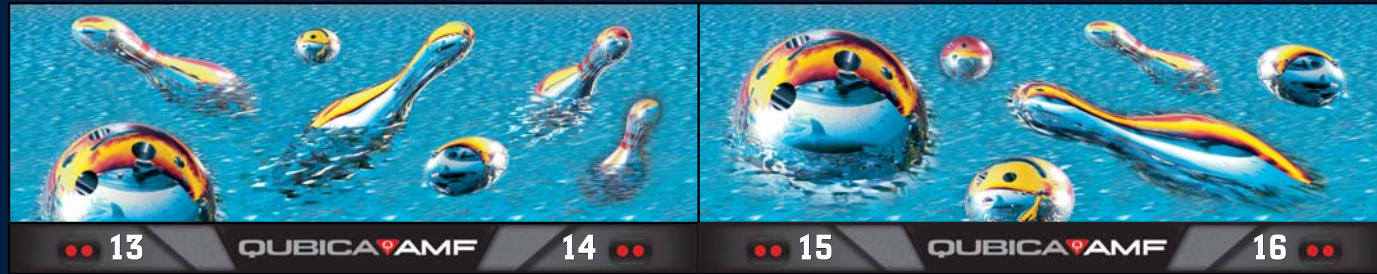

Colorful and stunning QubicaAMF MASQ panels elevate the fun factor for bowlers. Add the MASQ Back-Lit kit, and the fun takes on a whole new look the moment the glow-in-the-dark colors dramatically light up your center's atmosphere.

In fact, nothing changes the appearance of your center as fast as installing new MASQ panels from QubicaAMF. You can transform the entire feel of your center overnight thanks to their easy installation.

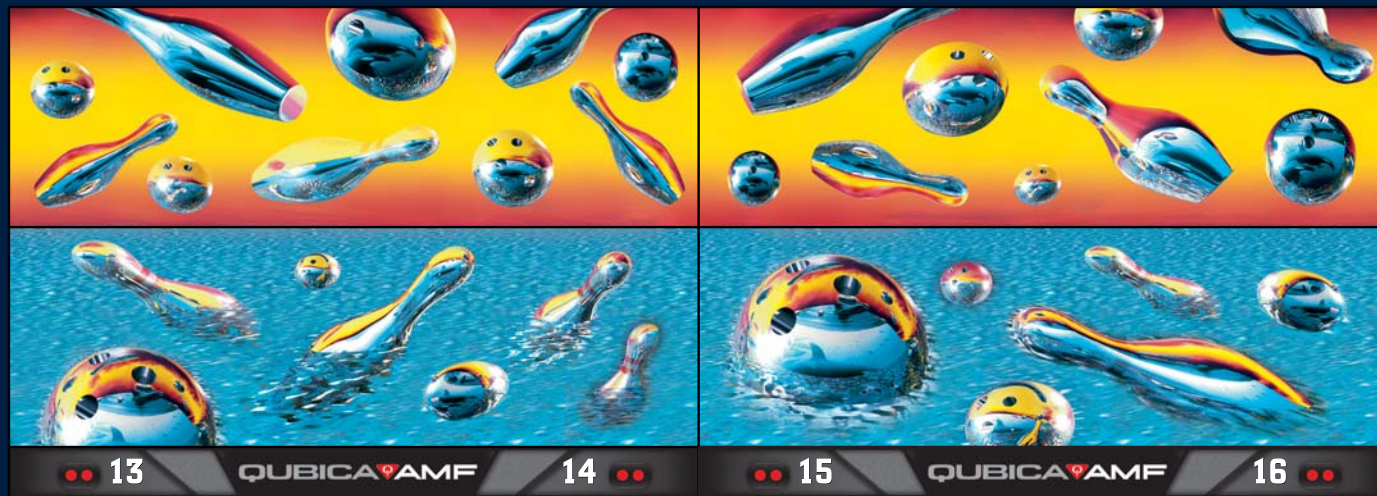

The MASQ Collection includes traditional glow-in-the-dark masking panels, and traditional and Curvature upper tier panels that add an even higher impact to panel designs. The Spectrum lighting system and MASQ Back-Lit kit enhance panel designs even further by providing additional colorful lighting options.

LOWER AND UPPER MASQ PANELS

With its modular design, the MASQ Collection installs quickly and easily. With its choices, imagery, and high definition, MASQ Collection panels are without question the industry's finest – and their durable transparent film makes them long-lasting as well.

OPTIONAL BACK-LIT ILLUMINATION KIT

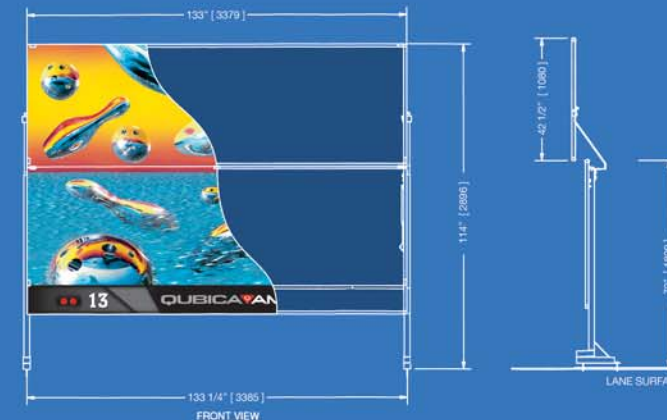

Add the MASQ Back-Lit kit and fluorescent tubes illuminate and broadcast MASQ images in sharp, eye-popping color. Ordinary, long-life fluorescent tubes provide all the lighting MASQ Back-Lit panels require to produce their dazzling effects. This top-of-the-line choice brings immediate, astounding change to a center look.

ADD A LIGHT SHOW ABOVE YOUR MASKING WITH CURVATURE UPPER TIERS & SPECTRUM LIGHTING

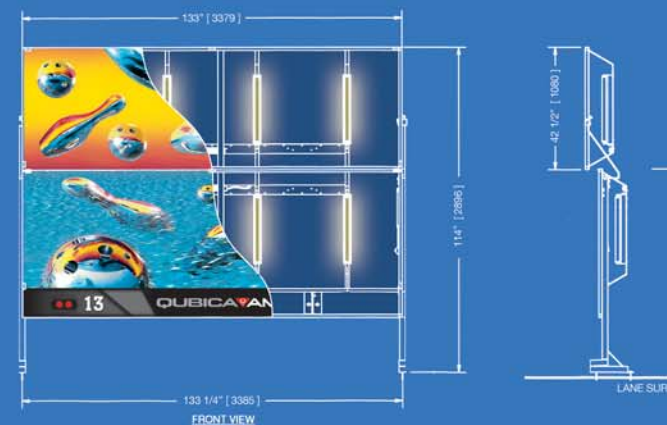

Curvature upper tier panels provide a smoothly curving surface connecting the tops of masking panels with the ceiling. Upgrade to the Spectrum lighting system and watch your Curvature panels change colors, between eight different patterns, all controlled from your front desk.

MASQ Collection

MASQ Collection – Lower & Upper Tier Panels

This deluxe 3-D double-tiered design comes in standard heights to accommodate any ceiling requirement. Only a simple kit is necessary for upgrading.

MASQ Collection Lower & Upper Tier Panels with Back-Lit Kit

These top-of-the-line panels with Back-Lit kit have Velcro fasteners, enabling you to change the artistic mood of your center in no time at all. Storage is a snap, too. Panel film images roll up into small, easy-to-store tubes for safekeeping.

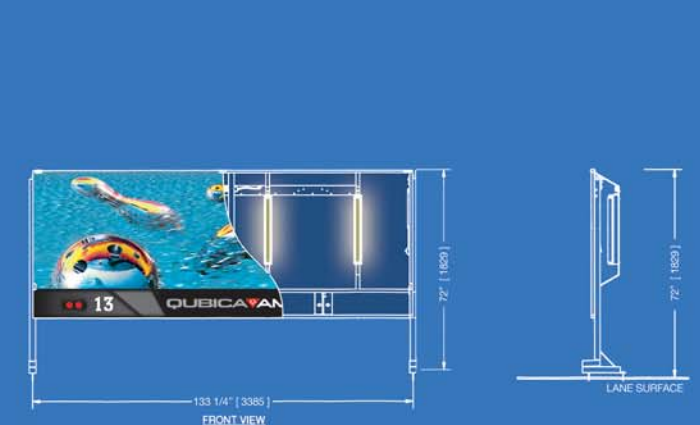

GLOW IMPACT IMAGES

The MASQ collection boasts a selection of wild graphic images to choose from. All come in super-vivid, glow-in-the-dark colors.

MASQ Collection – Lower Tier Panels

This MASQ traditional collection provides a variety of exciting designs with all the MASQ benefits of quick installation, mixing and matching, and easy upgrade.

MASQ Collection Lower Tier Panels with Back-Lit Kit

Lower tier MASQ panels and Back-Lit kit add explosive color in a lower panel alone. Upgrading to the double-tier version requires a simple extension kit.
